

Communiqué

3rd ESACH Meeting 2020 Madrid is postponed

In response to the international health situation caused by the Covid-19 coronavirus evolution, we want to inform that the 3rd ESACH Meeting 2020 Madrid is postponed. We will announce the new date as soon as possible.

ESACH, the Complutense University of Madrid and the rest of the organisers of the meeting want to reiterate our trust on the Spanish health system effectiveness and the rest of the EU countries in controlling this exceptional situation that is currently affecting us. However, we consider that the most responsible thing is to postpone this meeting for a reasonable time.

However, we want to inform about the **acceptance or decline for the abstracts and posters notification**. Because we were in the evaluation process, **we have decided to temporarily suspend the acceptance notification for all the proposals**.

At this point we want to publicly thank to all the candidates who answered our calls. We deeply regret this situation and **we hope to keep counting on you**. When the new date is known, we will set new deadlines and we will again contact all those who have participated in the calls from 30th January to 8th March 2020. They will have the opportunity to present the same proposal or even improve it.

Our attitude towards this situation has to be more positive than ever. It is an opportunity to improve this special meeting. We are sure that we can achieve it among all. We are also convinced that we will defeat the virus together.

We thank you all for your understanding.
